News Release

Record RSS look to cause a Sting at PlayFair 2010

Record RSS invite everyone to their Mad Hatter's Tea Party at this year's PlayFair - 22nd/23rd June. The Record RSS Area Managers will be on hand at Stand B1 to offer Tea and Cakes, as well as equipment demonstrations and friendly advice over the two days.

Record RSS, who are renowned for their forward thinking design, will be showcasing 'The Scorpion' at this year's show. The Scorpions modern and unique design allows two users to rotate at speed whilst twisting 360 degrees. The top secret 'Scorpion project' took 12 months to develop and Record RSS are confident it will now become the 'must have' addition to any self-respecting play area!

Record RSS launched successful innovative pieces of equipment at PlayFair 2009 which gained much attention, and this year hope the launch of 'The Scorpion' will prove to be no exception! Doug Belfield, Sales and Marketing Director, comments: 'We have continued our dedication to innovative design and excellent quality by introducing a brand new 'wow' product for the third year running. I'm confident that The Scorpion will strongly influence the future development of outdoor play!'

Also at this year's PlayFair, Record RSS will launch their new timber modular system. These imposing timber tower units with endless opportunities to climb and explore have been carefully designed to complement and enhance any natural environment.

With over 40 years of experience, Record RSS is proud of its enviable reputation as a market leader in the provision of unique and reliable recreational solutions. Record RSS use the finest British materials which ensure durability and low maintenance costs.
